15 Sept 2014

No act of kindness, no matter how small, is ever wasted. - Aesop

## NEEDS, REQUESTS, DONATIONS

*We can do no great things -- only small things with great love. --Mother Teresa*

*"You make a living by what you get, but you make a life by what you give". -- Winston Churchill*

### SANTA ROSA BRIDGES GETTING AHEAD CLASS #4

Fantastic news!! All the meals for the upcoming class have been filled!!! Thank you all so much for your giving hearts!!

If you are interested in helping assist with child care (one night, two nights, all fifteen), I have attached the background check information that is required for everyone by First United Methodist Church. Just complete it and return to me. I will then forward it on to Pastor Kathy Knight and the childcare facilitator, Phyllis Hassell.

Fax cover page.docx background2.pdf

### GRANDKIDS NEED HELP

Can you please send out the word to assist this female veteran who is not working? She has custody of her two grandchildren, 14 year old boy and 8 year old girl whose mother (a veteran also) just died in February from breast cancer.

Ms. Holmes can be contacted at 850-516-4285. Both grandkids need clothes and back packs

### DISASTER RECOVERY TIPS

Ensuring business co  
Continuity. One week at a time.

Preparing for disasters can seem like a daunting task, often causing many to walk away from the planning process altogether. In fact, 82% of Americans agree "If someone could make it easy for me to be prepared, I'd do it."

In an effort to bring simplicity back to preparedness, we've broken down the facts into a free infographic that highlights the importance of having a disaster recovery plan and the steps you can take today to put your plan into action. You'll learn:

- How to rate your risk
- Tips for creating a crisis communications plan

- Creating emergency wallet cards
- Conducting a simple disaster recovery test

## **CAREERSOURCE ESCAROSA AND PENSACOLA STATE COLLEGE TO HOST COMMUNITY CAREER FAIR**

CareerSource Escarosa and Pensacola State College have partnered to host the **6th Annual Fall Community Career Fair** on **Friday, Sept. 26 from 9 a.m. to 1 p.m.** at the Jean & Paul Amos Performance Studio on the main campus of Pensacola State College (1000 College Blvd.).

The event is open to the public and there is no charge to attend. Job seekers will have the opportunity to meet with more than 50 area employers seeking talented individuals to fill open their positions.

Employers will be recruiting for positions in healthcare, information technology, aerospace, hospitality, customer service and retail, communications, governmental, corrections, and more. Job seekers are urged to dress professionally and bring plenty of resumes. Some employers may choose to conduct on-site interviews.

For more information, or to view a complete list of this year's attending employers, visit [careersourceescarosa.com](http://careersourceescarosa.com).

### **About CareerSource Escarosa:**

CareerSource Escarosa is a non-profit organization committed to supporting the workforce needs of Escambia and Santa Rosa Counties. Classified as one of Florida's 24 Regional Workforce Boards and a member of the CareerSource Florida Network, we provide employment and training resources for area [job seekers](#) and employers. Individuals may access our no-cost programs and services by visiting any one of our three Career Center [locations](#). For more information on CareerSource Escarosa's programs and services, visit [careersourceescarosa.com](http://careersourceescarosa.com).

## **SANTA ROSA COUNTY DRIVE THROUGH RABIES VACCINATION CLINIC**

On Friday, September 26, the Florida Department of Health in Santa Rosa County and Santa Rosa Animal Control will host the third drive through rabies vaccination clinic for dogs and cats in observance of World Rabies Day. The event will be held from 4:00 p.m. to 6:00 p.m. at Santa Rosa Animal Control, 4451 Pine Forest Road, in Milton.

Local veterinarians from The Ark Animal Hospital and Pace Veterinary Clinic will provide the vaccine and administer injections for a \$10.00 fee. Cash and checks will be accepted. A valid driver's license will be required for all checks. A certificate of vaccination and rabies tag will be provided. No other services will be available at the clinic. Pets should be secured on a leash or in a crate.

"Once again we are happy to partner with Animal Control and local veterinarians to provide this service to the public," said Sandra L. Park-O'Hara, administrator of the Florida Department of Health in Santa Rosa County. "Our last clinic was very successful with over 300 animals vaccinated. Vaccination not only protects the pet against rabies, it protects the family from possible exposure as well."

Rabies is a disease that affects the brain. The virus is carried in the saliva of infected animals and is usually transmitted to people and other animals through a bite or scratch. In the U.S., more than 90 percent of rabies cases occur in wild animals, such as raccoons, foxes, skunks and bats, but domesticated animals can carry it as well.

An animal suffering from rabies may appear sick or lethargic, have problems swallowing, or drool or salivate excessively. A wild animal may appear tamer than usual and try to approach people. Some animals may have no visible symptoms at all. Even baby animals can carry

rabies. That is why it is important to avoid contact with not only adult animals, but baby animals as well, no matter how cute they may be. Rabies is fatal to humans and animals, but rabies in humans can be prevented if rabies vaccine is administered as soon as possible after exposure.

Treating individuals that have been exposed to rabies can be expensive, and insurance does not always cover the cost. Those seeking post exposure treatment are usually seen first in a hospital emergency room to begin the shots, and may receive the rest of the series at the health department. So far this year, DOH-Santa Rosa has given post exposure rabies shots to 12 people, at an approximate cost of \$6,300.

The health department advises the public to take these precautions to avoid exposing themselves or their pets to rabies:

- Avoid all contact with wild and unfamiliar domesticated animals, both adult and young. Never attempt to pick up or pet a wild or unfamiliar animal.
- Do not place feeders in the yard - food will attract unwanted animals such as raccoons and foxes.
- Do not leave pets outside unsupervised.
- Bring in pet food at night and secure trash cans with fasteners.
- Cover bird feeders. Most squirrel-proof coverings also deter wild animals.
- Children should never chase or attempt to catch or touch a wild or unfamiliar animal, and should tell an adult if a wild or strange animal tries to approach them.
- **Vaccinate pets against rabies and keep their vaccinations up to date.** Follow your veterinarian's recommendation for revaccination.

If bitten or scratched by a wild animal, or stray domesticated animal, wash the wound immediately with soap and water. This is the first line of defense against rabies! Seek medical attention immediately and report the incident to Santa Rosa Animal Control at 983-4680, or the Florida Department of Health in Santa Rosa County at 983-5200.

For more information about rabies and rabies vaccination, visit the Centers for Disease Control website at <http://www.cdc.gov/vaccines/vpd-vac/rabies/>.

The Florida Department of Health works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts. Follow us on Twitter at @HealthyFla, #HealthiestWeightFL and on Facebook.

### **GET YOUR BUSINESS READY FOR ANY KIND OF DISASTER AT FREE NATIONAL PREPAREDNESS MONTH WEBINAR SERIES**

Each year small businesses nationwide are forced to close their doors in the aftermath of severe storms, flooding, tornadoes, wildfires and hurricanes. Business interruptions, even if they last just a few hours, are costly in terms of lost productivity and profits.

You can get help with your own business preparedness planning through a series of free webinars in September hosted by the U.S. Small Business Administration and Agility Recovery. The September series is presented in collaboration with FEMA's Ready Campaign as part of National Preparedness Month.

The SBA wants to help business owners take charge of the well-being of their own companies, the safety of their employees, and the sustenance of their local economies by being prepared to rebound quickly from any kind of disaster.

The half-hour webinars will be presented at 2 p.m., Eastern time, each Wednesday in September. Visit <http://snurl.com/296yw4e> to register for any or all of the webinars listed below:

### **September 3: Crisis Communications for Any Organization**

Learn best practices for developing an emergency communication strategy.

### **September 10: How to Plan for a Power Interruption...and Recover Fast**

Tips on how to make your company resilient and better prepared to mitigate losses during power outages.

### **September 17: The Top 5 Steps for Preparedness This Year**

The top five ways to prepare for disaster-related business interruptions will be discussed.

### **September 24: If You Do Nothing Else This Year**

Simple, low-cost tips on building a solid business continuity plan.

SBA has partnered with Agility Recovery to offer business continuity strategies through their "PrepareMyBusiness" website. Visit [www.preparemybusiness.org](http://www.preparemybusiness.org) to check out the archived webinars and for more disaster preparedness tools.

### **THE RETIRED SENIOR VOLUNTEER PROGRAM (RSVP)**

The Retired Senior Volunteer Program (RSVP) has been in Santa Rosa County since 1996. We offer volunteer activities and opportunities for **seniors 55+**. All activities are at our Senior Center located at 6294 Buckskin Dr., Milton., unless noted otherwise.

Our activities include but not limited to card and board games, local and long distance trips, dining out at local restaurants, and luncheons.

One of our larger group of seniors is the **RSVP/Funbunch** which has approximately 60 members, ranging from age 70 to 92 years of age. They get together for luncheons, take day and overnight trips, play card and board games. The RSVP/ FunBunch is open for any new ideas that seniors would like to do.

Attached is our monthly schedule of activities. If you are interested in any of these you can call 983-5220 or email [brsvpsantarosa@mchsi.com](mailto:brsvpsantarosa@mchsi.com).

Or if you have a parent, relative or friend that is socially isolated and can get around and have transportation to and from the Senior Center, then maybe one of our programs would be good for them.

We would be more than happy to talk to you further and give more detail about our volunteer opportunities and monthly activities.

cmf0001 RSVP  
activity schedule Aug

### **REBUILD NORTHWEST FLORIDA - FUNDS NOW AVAILABLE FOR SANTA ROSA COUNTY HOMEOWNERS**

REBUILD Northwest Florida has received additional federal funds from the Federal Emergency Management Agency (FEMA) and the Florida Department of Community Affairs to support the Hurricane Mitigation Grant Program. Santa Rosa County homeowners are now eligible to apply for wind retrofit mitigation assistance.

Almost 10,000 local homeowners have taken advantage of this amazing program. Applying is easy, and there are no income or home value limitations to participate. Homes are evaluated and REBUILD-selected contractors outline potential improvements. FEMA funds pay for 75% and the homeowner is responsible for the remaining 25% of the cost. The scope of improvements is limited to:

- Roof deck attachment
- Bracing gable ends
- Reinforcing roof to wall connections

- Opening protection
- Exterior doors, including garage doors (on attached garages only)
- Secondary roof water barrier
- Roof covering

Santa Rosa County homeowners are encouraged to apply now to see if they meet the following program criteria:

- Applicant/co-applicant must occupy a single family, site-built home as his/her principal residence and be able to provide proof of homestead exemption.
- Home must be built before the adoption of 2002 Florida Building Code Standards.
- The property cannot be a mobile/manufactured home, an apartment, duplex, or town home.

#### **About REBUILD Northwest Florida**

REBUILD Northwest Florida is a not-for-profit 501(c)(3) organization that has grown from a grassroots effort by a core group of individuals recovering from Hurricane Ivan in 2005. It continues to strengthen communities in Escambia and Santa Rosa Counties by helping to rebuild and fortify homes to protect against the threat of hurricane storm damage.

### **NEW SYSTEM TO SPEED EMERGENCY NOTIFICATION** **-RESIDENTS ASKED TO REGISTER PHONE NUMBERS-**

Santa Rosa County Division of Emergency Management has a new emergency warning tool that provides rapid phone notifications to residents when public safety may be at risk. In the event of an emergency, GeoCast®Web will be utilized to make rapid emergency telephone notifications to residents and businesses in an impacted area. Citizens can register and manage their account including updating or deleting phone numbers online at <https://santarosa.onthealert.com>.

Used during time sensitive emergencies like chemical spills, hazardous materials incidents, flooding and evacuations the new GeoCast®Web phone notification system utilizes highly advanced digital mapping technologies and phone databases to automatically call registered phone numbers in a target location with a recorded message on what steps residents should take to keep their family safe. The system will also be utilized for less time sensitive but important messages, including those provided by the sheriff's office to notify residents of crimes impacting a particular area.

Individuals may register for notifications via the county's website, [www.santarosa.fl.gov/emergency](http://www.santarosa.fl.gov/emergency), or directly through the system's self-registration web portal located at <https://santarosa.onthealert.com>. All information provided by residents will be used for emergency notifications only. While Santa Rosa County offers this emergency notification service free of charge, minutes may be deducted from individual cell phone plans. Calls will typically be less than two minutes.

All listed landline phone numbers in the county will be ported into the new system. However, unlisted numbers, cell phones and some VoIP phones are not, and registration is required to receive notifications. For this reason all residents and business owners are asked to register even if their phone number may already be in the system. By doing so, a personal account is created and residents can manage their information including updating phone numbers or even deleting accounts when relocating out of the area. Citizens without home Internet access are encouraged to use the public computer resources available at one of the five county libraries.

"Ensuring timely and adequate warning to the public during times of potential or imminent danger is one of the more important jobs we have as emergency managers," said Brad Baker, emergency management director. "We are always looking for ways to improve risk communications to county residents and businesses."

Baker continued, "Even though we have the new emergency phone notification system, we still want to remind everyone that no single tool will provide enough warning to all people in all situations. While this new system may give us emergency officials greater capabilities, it is only

one component of the overall public safety communications strategy. During emergencies, people should always seek out information on the county website at [www.santarosa.fl.gov](http://www.santarosa.fl.gov), Twitter account [@SRCBOCC](https://twitter.com/SRCBOCC), and from our local media.”

The new emergency phone notification system is replacing the previous system called REVERSE 911®. The old system used 24 phone lines and could make approximately 1,240 calls per hour. The GeoCast®Web system is web based and offers enhanced warning capability with up to 6,000 calls per hour. The messages can be received by landline, cell and VoIP phones. As the system is web based, staff can send messages wherever they have an Internet connection.

More information about the emergency notification system, including an informational flyer and frequently asked questions, are available at [www.santarosa.fl.gov/emergency](http://www.santarosa.fl.gov/emergency).

### **SAFE COMMUNITY LOGO**

The following is from the National Safety Council:

For each of our communities, we develop a personalized logo. Attached is the logo, with your community name, to be used widely by your coalition. Below are a few recommendations on how you can use the logo, but this is not an exhaustive list. Be creative and use this logo in ways to that will benefit your work and show off your community.

- Website, social media (Facebook, LinkedIn, Twitter).
- Community communications – emails, email signatures, letterhead, envelope/return addresses, newsletters, event promotion or communication, etc.
- Street signs, road signs, community welcome signs, banners.
- Promotional materials – t-shirts, pens, calendars, stickers.

What we ask from you is to share with us, how you will or have used the logo. There will be some time during our networking conference in September, to share. And, please encourage all your coalition members and city/town representatives to use this logo as well. You are all part of this network and we hope this logo will help you display your accomplishments.

For copies contact Daniel at [Danielh@santarosa.fl.gov](mailto:Danielh@santarosa.fl.gov)

### **GET PREPARED**

<http://do1thing.com/>

This web page is an awesome way to incrementally get your family and business ready for any disaster.

### **TWITTER**

SAFER Santa Rosa is on Twitter.

### **FACEBOOK**

SAFER is on Facebook, find us, and become our friend ;-). We are up to **1816** people! Invite friends. *Let's keep growing this communications venue. Invite other Santa Rosans to participate.* Invite your Santa Rosa friends to join you on the SAFER Facebook page.

Use of barricades policy: Free to parades and other events in Santa Rosa County that are sponsored by a chambers or government entities (Christmas parades, Mardi Gras, 4<sup>th</sup> of July etc...) or non profits, that are hosting events that are free and open to the public. The user is responsible for transportation of barricades, AND banners advertizing sponsors MUST be put on barricades. Others wanting to use the barricades must provide transportation and rent barricades at a cost of \$5 per barricade. Additional fees may be applicable if barricades are not returned within 7 days of pick up/delivery. Barricades will cost \$8 each if delivery is required. Average rental price for barricades is \$9-\$13 each through other vendors. SAFER barricades are a bargain.

### **OPPORTUNITIES**

*There is no better exercise for your heart, than reaching down and helping to lift someone up. - Bernard Meltzer*

### **PACE CERT TRAINING**

Central Santa Rosa CERT/Pace CERT will be hosting a basic CERT training course the weekend of September 26th-28th. This course will certify anyone participating as a Community Emergency Response Team (CERT) unit member. The program will be held at the Pace Volunteer Fire Department on Pace Patriot Blvd. Training will begin Friday September 26th from 6:00 PM- 9:00 PM. Saturday Sept 27th 8:00 AM - 5:00 PM and Sunday Sept 28th 8:00 AM - 5:00 PM. While this is a long weekend, we have found it better to do all of the training in one weekend for everyone's convenience. Topics covered during this course will be:

- Disaster Preparedness
- CERT Organization and mission
- Disaster Medical Operations
- Triage/assessment/first aid
- Transporting patients
- Light Search and Rescue tactics
- Preliminary Damage Assessment
- Light Fire suppression
- and much more:

By participating in this program you will receive a free CERT bag with tools and equipment. This course is free of charge and there is no commitment on your part to participate on the CERT strike team. The purpose of this training is to make you better prepared for disasters and thereby help your local neighborhood should a disaster occur. If you are interested in participating, please send me an email and I will register you for the course. More information will be forthcoming as we get closer to the training date. If you have any questions please feel free to contact me.

Stephen P. Samaha [www.smarthorizons.org](http://www.smarthorizons.org) [855-777-8032 ext 4025](tel:855-777-8032)

### **NAVARRE** **COMMUNITY EMERGENCY RESPONSE TEAM TRAINING**

Navarre CERT will host a Community Emergency Response Team training October 3-4-5 and October 10-11-12. Classes will take place at the Holley Navarre Main Fire Station, 8618 Esplanade St. Further information will be provided before the class starts to those pre-registered. Topics will include first aid, disaster psychology, fire prevention and fire safety, disaster preparedness, disaster medical operations, light search and rescue, and terrorism. Adults, and teens 14 years and older, are encouraged to take advantage of this free training that will certify participants as CERT members and allow them to join current teams or form new teams in their own community. All who complete the course will receive a certificate of completion and a backpack containing a CERT vest and other safety equipment. CERT is an official emergency preparedness program of the Federal Emergency Management Agency.

Participants are required to attend all six classes to successfully complete the course:

- Friday, October 3 6-9 p.m.
- Saturday, October 4 9 a.m.-5 p.m.
- Sunday, October 5 1-5 p.m.
- Friday, October 10 6- 9 p.m.
- Saturday, October 11 8 a.m. -5 p.m.
- Sunday, October 12 1p.m. - 4 p.m.

Attendance at all six sessions is required to become certified and pre-registration is required. Prior to the start of training, participants must take the *FEMA Independent Study course IS-317: Introduction to Community Emergency Response Teams* online at [www.citizencorps.gov/cert/training\\_mat.shtm](http://www.citizencorps.gov/cert/training_mat.shtm). For further details and to register online, go to [www.navarre-cert.org](http://www.navarre-cert.org). For more information, email [training@navarre-cert.org](mailto:training@navarre-cert.org) or call (850) 939-6973

### **FTBSEP TRAINING ANNOUNCEMENT**

On Wednesday, September 17<sup>th</sup>, an 8-hour (8:30am-4:30pm) Pedestrian, Bicycle, and Helmet Safety Education Teacher Training workshop is scheduled to be held at:

Avalon Middle School – Room 405  
5445 King Arthurs Way  
Milton, FL 32583

As of today a limited number of seats are available. If you'd like to attend, or know of others who may like to attend, please contact us as soon as possible at: <[safety@hnp.ufl.edu](mailto:safety@hnp.ufl.edu)>. Once the class is full, we will not be able to accommodate additional people. Those attending will have to attend the full 8-hour workshop and participate in all classroom, and pedestrian and on-bike lessons. Likewise, the purpose of these training workshops is to educate those who will teach pedestrian and bicycle safety to children, so participants should be in a position that allows them to teach children such skills. Finally, they may have to bring a bicycle and helmet that they will use during the workshop.

Though we may not be able to accommodate extra participants, we welcome you, other affiliated FDOT staff, and FDOH Coordinators to attend our workshops to observe the trainings we can offer in your district.

The FTBSEP, funded by the Florida Department of Transportation's Safety Office, is a state-wide, comprehensive traffic safety education program that provides one-day workshops for Florida elementary and middle school teachers, law enforcement officers, and recreation leaders. Those who are trained provide training for children to give them the knowledge and skills to be competent and safer in traffic. Detailed curricula (separate for elementary and middle schools) incorporate both (1) classroom instruction with interactive DVD/video components and activity worksheets, and (2) outside, pedestrian and on-bike skills practice. Classroom topics covered in the workshops include, but are not limited to: the importance of having a traffic safety education program, an overview of the Florida Safe Routes to School program, pedestrian safety (school bus safety, stop and search at the edge, visual barriers and model street crossing, crossing intersections, etc.) and bicycle safety (hazard identification and avoidance, helmet importance and fitting, bicycle fit and safety check, seeing and being seen, rules of the road, traffic laws, etc.). The workshops also include on-bike skill instruction which covers, but is not limited to: bicycle fit and safety check, road position, hazard identification and avoidance, scanning, signaling, turning, and intersections. Further information regarding the FTBSEP can be found on our website at: <http://hnp.ufl.edu/safety>.

If you have any questions regarding this training or the FTBSEP please call or email us directly.

Sincerely,

Dan Connaughton  
Director, FTBSEP

### **BRIDGES TRAINERS - GET RECERTIFIED ONLINE!**

Is your Bridges Out of Poverty trainer certification more than two years old? Do you need to recertify but don't have a lot in your travel budget?

There are several upcoming opportunities to recertify online with Phil DeVol:  
**Nov 20, 2014 11:00 a.m. - 2:00 p.m. (CDT)**

You can also convert to [Lifetime Certification](#) at this time.  
What are the benefits of having a Lifetime Certification?

- Monthly trainer tips
- Newsletters
- Online support

- **Attend biennial online recertification sessions for free!**

This not only saves money; it also saves you time out of your office.

**Register today!**

For more information, email us at [questions@bridgesoutofpoverty.com](mailto:questions@bridgesoutofpoverty.com), or call us at (800) 424-9484. We look forward to working with you! The Bridges Out of Poverty Team

### **BUILDING RESILIENT COMMUNITIES: AN ONLINE TRAINING**

The RAND Corporation developed a free emergency preparedness [online training](#) outlining how organizations and communities can better prepare for emergencies and strengthen their resilience. Resilience means:

- mitigating and withstanding the stress of manmade and natural disasters.
- recovering in a way that restores normal functioning.
- applying lessons learned from past responses to better withstand future incidents.

The training is intended for a diverse range of organizations, including businesses; faith-based organizations; hospitals, health clinics, and other health agencies; mental health providers; schools and universities; civic and volunteer groups; first responders; local government agencies; public health departments; and nonprofit agencies.
